Dear Adam and Penny

Many thanks to both of you for your highly efficient, professional services in selling and purchasing for us recently. You were finely tuned to the market and areas where we were buying/selling and open to our expectations and demands – very appreciated. Further, your patience and dedication in dealing with a difficult purchasing situation made the experience considerably more manageable. It was comforting to know that you were available with sound advice (returning emails/texts/phone calls so promptly!) and willing to get the deal signed and sealed.

A huge load of gratitude also goes out to Marianne Vander Dussen, from your office for tirelessly organizing site visits, documentation and generally granting my wishes during the process - all done with huge smiles.

The whole process was a pleasure. Again, many, many thanks.

Warm regards,

Claire Goodman

P.S. I received the most decadently lovely basket of delights this morning from All the Best. – Thank you, soundly!
